# Water Treatment Solutions & Technologies

SOLUTIONS PROVIDER

ONE COMPANY ACCOUNTABILITY

PERFORMANCE GUARANTEE

## About Us

Aqua Aura Limited is a water treatment and solutions provider company. We specialize in providing technologies and equipment to suit the project needs and specifications. Our team of experienced applications engineers have been involved for over 25 years in the design and supply of solutions for water and wastewater treatment projects for municipal and industrial applications.

Together with our exclusive partners we can offer a wide range of products across all aspects and needs of a plant. Our product range covers all operating units from headworks, biological process systems, clarification, filtration, thickening, sludge dewatering to chemical feed systems.

We exclusively market, sell and manage the full range of Jaeger diffused aeration equipment and IFAS (Integrated Fixed Film Activated Sludge) systems in the Middle East and North Africa region.

## Company Activities

- Water Treatment Plants
  - Municipal Wastewater Treatment Plants
  - Industrial Wastewater Treatment Plants
  - Water Reuse and Recycling Schemes
  - Turnkey Systems
- 

## Process and Equipment

- IFAS Process
- Sequencing Batch Reactor Plants
- Membrane Bioreactor Plants
- Clarifiers and Thickeners

## Filtration

- Cloth Media Filtration
  - Pressure Filters
- 

## Aeration

- Jet Aeration
  - Diffused Aeration
- 

## Biosolids Handling and Dewatering

- Centrifuge Dewatering Units
  - Conveying Systems
- 

## Polymer Make Down System

- Emulsion Polymer Preparation Systems
  - Dry Polymer Preparation Plants
- 

## Inlet Works

- Coarse Screens
- Fine Screens
- Grease and Grit Removal Systems
- Classifiers
- Collectors and Compactors
- Screw Conveyors

## Chemical Dosing Systems, Metering Pumps

- Custom Build and Packaged
- Chemical Storage and Metering System
- Metering Plants
- Dosing Skids
- Accessories
